

*All performances will use creative integration of British Sign Language, captioning and creative audio description.*

Set in 1980s Britain, Road explores the lives of the inhabitants of an unnamed street in a small Rhondda town over the course of one night.

You will experience a series of scenes interspersed with speeches.

With several challenging themes, we have endeavoured to make a list here which will hopefully forewarn you if needed. This piece of theatre is recommended for a 16+ audience.

**“This is our road! But tonight, it’s your road an’ all!”**
